b. What happens to the food in the stomach?
Ans. The stomach contract often to squeeze the food and mix it with the juices made in the stomach. The proteins in the food are digested in the stomach.

c. What happens to the food in small intestine?
Ans. Small intestine made some juices. Liver poured bile juice into the small intestine which get mixes with the food and digests fats. The digested food is absorbed by the blood in the small intestine.

d. Write four healthy habits for proper digestion.
Ans. The four healthy habits for proper digestion are as follows :

- 1. We should eat a balanced diet.**
- 2. We should drink plenty of water.**
- 3. We should eat meals at fixed time.**
- 4. We should chew the food properly before swallowing it.**

e. Write two ways to keep your excretory system healthy.
Ans. Two ways to keep excretory system healthy are as follows :

- 1. We should avoid eating junk food, processed food and fast food.**
- 2. We should drink more water.**

V. Activity :Draw and label the diagrams of
a. Digestive system
b. Excretory system

Ch.12 Friction
as a force

8.02.21-
12.02.21

I. Word Bank :

Friction, streamlined, corrugated, grip, drag,
opposes, motion, sprinkled, interlocking

II. Fill in the blanks :

1. We can walk on the road due to friction.
2. Machine parts are oiled to reduce friction.
3. Aeroplanes and rockets are made streamlined in shape.
4. Types of vehicles are corrugated to increase friction.
5. Frictional force exerted by liquids and gases is called drag.

III. Write "True" or "False" :

1. Kabaddi players put talcum powder on their hands to increase friction. False
2. Friction has no disadvantages. False
3. It is easier to write on a glazed paper than a normal paper. False
4. Worn- out tyres will give a better grip than corrugated tyres. False

IV. Answer the following questions:

Q1. Define frictional force.

Ans. Frictional force is the force that opposes the motion of the object.

Q2. Write the disadvantages of friction.

Ans. The disadvantages of friction are as follows:

- a. Friction between any two objects causes wear and tear.
- b. Friction between parts of a machine leads to loss of energy.

Q3. Why are tyres of vehicles corrugated?

Ans. Tyres of vehicles have treads or are corrugated to increase friction.

Q4. Explain the advantages of friction in our daily life giving two example.

Ans. The following are the advantages of friction :

1. Nails and Screws hold the wooden boards together due to friction.

15.2.21-
20.2.21

Ch.3
Digestive &
excretory
System

2. The use of brakes to stop a bicycle or car is possible due to friction.

Q5. Why do you sprinkle powder on the carrom board before playing the games?

Ans. Talcum powder is sprinkled on a carrom board to reduce friction.

Q6. Explain what causes friction between two objects in motion.

Ans. The interlocking of irregularities between two surfaces causes friction.

REVISION ASSIGNMENT

I. Fill in the blanks :

1. The tongue helps to mix the food, taste it and push it down the _____.
2. The solid waste is stored in the _____.
3. The solid waste is thrown out of the body through an opening called _____.
4. _____ makes the food soft and moist.
5. Sweat is given out from the _____.

II. Answer these questions :

1. What happens to the food in the stomach?
2. Write four healthy habits for proper digestion.
3. Write two ways to keep your excretory system healthy.
4. Define:
i) Digestion ii) Excretion

ANSWER KEY:

I. Fill in the blanks :

1. Food pipe.
2. Rectum
3. Anus
4. Saliva
5. Skin

II. Answer these questions :

Ans.1 The stomach contracts often to squeeze the food and mix it with the juices made in the stomach. The proteins in the food are digested in the stomach.

Ans.2 The four healthy habits for proper digestion are as follows :

1. We should eat a balanced diet.

Ch.12 Friction
as a force

2. We should drink plenty of water.
3. We should eat meals at fixed time.
4. We should chew the food properly before swallowing it.

Ans.3 Two ways to keep excretory system healthy are as follows :

1. We should avoid eating junk food, processed food and fast food.
2. We should drink more water.

Ans. 4 i) Digestion: The process of breaking down food into simple, soluble form which the body can use is called digestion.

ii) Excretion: Wastes from the body are removed in the form of urine by the excretory system. This process is called excretion.

I. Give one word answer :

1. A push or a pull is called _____.
2. The force that opposes the motion of an object is called _____.
3. Friction is a force that _____ motion.
4. Birds and fish have _____ bodies.

II. Answer these questions:

1. Why are tyres of vehicles corrugated?.
2. Explain the advantages of friction in our daily life giving two example.

ANSWER KEY

I. Give one word answer :

1. force
2. frictional force
3. opposes
4. streamlined

II. Answer these questions:

Ans.1 Tyres of vehicles have treads or are corrugated to increase friction.

Ans.2 The following are the advantages of friction

1. Nails and Screws hold the wooden boards together due to friction.
2. The use of brakes to stop a bicycle or car is possible due to friction.

2. Find the perimeter of a triangle ABC if:
 - a. $AB = 6\text{cm}, BC = 7\text{cm}, CA = 8\text{cm}$
 - b. Equilateral triangle whose side is 200m
 3. Find the perimeter of a-
 - a. Square whose side is 6 cm.
 - b. Rectangle whose length is 18 cm and breadth is 10 cm.
 4. Find the area of the,
 - a. Square whose side is 16cm
 - b. Rectangle whose length and breadth are 10 cm and 8cm.
 5. Fill in the blanks:
 - a. $6\text{ m} \times \underline{\quad} \text{ m} = 48\text{sq.m}$
 - b. $8\text{cm} \times \underline{\quad} \text{ cm} = 40\text{sq.m}$
 - c. $\underline{\quad} \text{ m} \times \underline{\quad} \text{ m} = 25 \text{ sq.m}$
 - d. $\underline{\quad} \text{ m} \times 3\text{m} = 12\text{sq.m}$
 6. Solve:
 - a. A rope is needed to put a boundary around a playground 25 metre long and 15 metre broad. what will be the length of the rope?
 - b. A square shaped picture is to be framed. Its side is 29cm. What length of the frame will be required?

Answers:-

1.a. 12cm b. 11.5cm. c. 30cm

2.a. 21cm. b. 600m

3.a. 24cm. b. 56cm

4.a. 256sq.m. b. 80sq.m

5.a. 8m. b. 5cm. c. 5×5 . d. 4m

6.a. Length of a boundary around a playground = 25m

Breadth of a boundary around a playground= 15m

Perimeter of a rectangle= 2 (length + breadth)
$$= 2(25+15)m$$
$$= 80m.$$

The length of the rope is 80m.

b. Side of a square shaped picture frame= 29cm

Perimeter of a square= 4 × side
$$= 4 \times 29cm = 116cm.$$

REVISION PRACTICE PAPER

Practice Paper-1

1. Fill in the blanks:

- a) 15 minutes past 8 _____
- b) How many minutes make 1 hour? _____
- c) 50 minutes past 2 _____
- d) How many weeks make 1 year? _____
- e) _____ days make a fortnight.
- f) _____ is the shortest month.
- g) How many months have 30 days? _____
- h) Name the months (in a leap year) whose number of days are a multiple of the smallest prime number.

2. Change to 24 - hours clock time:

- a) 12 noon
- b) 5:00 a.m.
- c) 5:50 p.m.
- d) 1:45 p.m.
- e) 1:15 a.m.

3. Convert into hours and minutes:

- a) 360 minutes
- b) 215 minutes
- e) 486 minutes

Practice paper-2

4. Calculate the total time:

- a) 4 months 8 days and 8 months 10 days.
- b) 3 hours 28 minutes and 4 hours 15 minutes .

5. Find the interval between :

- a) 7.40 p.m. and 7.30 a.m.
- b) 11.30 a.m. and 11.05 p.m.

6. A cricket match lasted for 5 hours 15 minutes. If the match ended at 4: 45 p.m., at what time did it start?

7. On a certain day, the sun rose at 5.45 a.m. and set at 6.20 p.m. Calculate the length of the day.

I. Find the perimeter of the square in which each side is

- a) 4 cm
- b) 13 m 5 cm

II. Find the perimeter of the rectangle whose

- a) length = 11 cm breadth = 9 cm
- b) length = 123 m breadth = 65 m

III. Find the perimeter of a triangle if

- a) AB = 5 cm BC = 7cm CA = 9cm
- b) AB = 2m 60 cm BC = 2 m 75 cm CA = 3m

IV Fill in the missing value

(a) 8 m X _____ = 48 square metres.

(b) _____ X 6 cm = 24 square centimetres.

			<p>I hope all is fine there and I am hoping for your good health as well as for grandmother. Today I have written this letter to thank you a lot for the wonderful gift you gave me as my birthday present. I wanted a bicycle and it is of my favorite colour red. I liked it very much because it has all the features I wanted. I missed your presence on my birthday but your gift made me happy and the party was also awesome, and all my friends also liked the bicycle. Soon our exams will be over and then we will visit you. Hope to see you soon grandpa. Lots of love to grandma.</p> <p>Your grandson (Name of the student)</p>	
		<p>Composition 13.2.2021</p>	<p>Topic 1 -Republic Day celebration in our school</p> <p>I study in Kerala Public school. We celebrate two national festivals and many other occasions in our school.</p> <p>Republic Day is our national festival. It is celebrated on 26th of January every year. On this day, in 1950 our new constitution was came in force. India is the largest democracy in the world. We celebrate this day with great pride in all the institutions all over the country. In our school also, it is celebrated with great enthusiasm. We start our practice one month ago. The senior students start their practice for parade. Other groups prepare patriotic songs and dances. Few speeches are also prepared by students on that day. Our principal mam hoists the flag with the chief guest. Then we have a welcome speech followed by group songs and dances. The whole school is decorated very nicely in tricolour for this occasion. We watch the parade and other functions with great respect. I love this day very much. On this day, we salute our freedom fighters who sacrificed their lives for us. I feel proud to be an Indian. Every year, I purchase a flag for myself also. Sometimes, we also have a quiz on this occasion.</p>	

		15.2.2021	<p>Topic 2- My online learning experience</p> <p>My online experience is completely different scenario than what I am used till now. Due to the pandemic the world has completely changed and it has forced us, everything to be in on line which also included the learning. I was used be in physical classroom than online learning environment . I am not used to technology and my parents are also not. Iam struggling everyday to complete my homework. In physical classes my teacher is always there to help me in case of doubts . Poor internet connection creates a lot of problems during my online classes.</p> <p>Besides all these disadvantages I have some new experiences also. During this pandemic I learnt a lot of things such as attending class through zoom app. Sending PDF in google classroom, giving online exam, making assignments , performing different activities and sharing videos with my friends and teachers. It is a great learning experience for me and my family members. I shall never forget this beautiful experience and I shall be always grateful to my teachers for their immense support and cooperation.</p>

Complete the paragraph with suitable conjunctions (Do it in the book)</p> <p>Saksham dare not show himself because the thieves were prowling about the house. The best plan would be to get help but he had no cell phone and the house phone had been cut off. Saksham had observed two motorbikes parked in front of the house but he had no idea where the keys work. While he was racking his brains, one of the thieves emerged from the house and came across the courtyard towards the barn. The barn door opened. Saksham dropped to the floor and lay flat. His eyes fell on the cage of white rats. He picked the rats up one by one and put them in the bag. There were eight of them. A vibration in the floor told him that the man had started to climb the ladder. It was now or never. He emptied the bag of rats over the top of the ladder and soon heard the man give a roar of shock and disgust as eight live rats dropped on his head!</p>
