Write a composition on Teacher's Day in your notebook.

Teacher's Day

“ Teaching is a priceless gift to any dedicated learner”

Teacher's day across the world is a mark of respect to teachers in the society. According to the Indian calendar, 5th September is dedicated to the teacher annually. It is the birth anniversary of Dr. Sarvapalli Radhakrishnan. Teachers are the architect of the society and guiding light for the nation and teacher's day help us to recognise this. Students present several performances to entertain their teachers. Students felicitate their teachers and thank them for enlightening their lives and minds. A teacher usually takes back seat and relaxes watching the students entertaining performances. Students eagerly wait for this occasion to celebrate with enthusiasm. Schools award the best teachers and congratulate them for their work. Teachers are the most respected person in a student's life and so is the Teacher's Day.

My Favourite Cartoon Character

“The world is but a canvas to imagination and we draw these imaginations through our cartoon characters”

I watch lots of cartoon shows and I like all of them. But, my favourite cartoon character is Shinchon. He is a five-year-old kid from Japan. He is very mischievous. He goes to Fatuba kindergarten school. He troubles his friends, family, neighbours and teachers by singing silly songs. He has a nice family including his father Hiroshi Nohara, mother
