16.09.21

4. Answer the following questions:

Ans a. An insect's body is divided into three parts – head, thorax and abdomen. It has large eyes and feelers on its head. It has six legs and tiny holes called spiracles on its abdomen. It may have two pairs of wings also.

Ans b. The eggs hatch into tiny worm-like larvae or caterpillars. After a few days, a caterpillar builds a case around itself called a cocoon. The caterpillar goes to sleep inside the cocoon. At this stage it is called a pupa. Gradually the caterpillar changes from a pupa into a butterfly, inside the cocoon. When the butterfly is ready to come out, the cocoon splits open and the butterfly comes out.

LIFE CYCLE OF A BUTTERFLY

Ans c. Ants are social insects and have division of labour. Each nest or colony has a queen ant whose job is to lay eggs. The worker ants collect and store food and feed the larvae that hatch out of eggs. Soldier ants protect the colony and the queen.

Ans d. We can prevent insects from harming us in the following ways –

- i. Do not allow water to collect in puddles, empty bottles, tins, room coolers, etc.
- ii. Keep the surroundings of the house clean.
- iii. Spray insect repellents to kill harmful insects.
- iv. Fix wire mesh on the doors and windows to keep insects out of the house.

<p>20.09.21</p>	<p><u>Application based questions:</u></p> <p>1) Why does your mother put naphthalene balls between the folds of woollen and silk clothes? Ans. - Naphthalene balls are put between the folds of woollen and silk clothes to protect them from the attack of moths and other insects.</p> <p>2) How do insects pick up smells and tastes? Ans. – Insects use the feelers on their heads to pick up smells and tastes.</p>	
<p>21.09.21</p>	<p><u>Identify the insects:</u></p> <p>1) Tiny brown insects that eat up stored grains – <u>Weevils</u> 2) They live in large swarms and damage crops – <u>Locusts</u> 3) They spoil books and eat up paper – <u>Silverfishes</u> 4) They make holes in woollen clothes as they eat them up – <u>Moths</u> 5) They live in the hair of human beings and cause itching – <u>Head lice</u></p>	
<p>22.09.21</p>	<p><u>Give two examples of:</u></p> <p>1) Insects with wings – <u>butterfly , cockroach</u> 2) Insects without wings – <u>ant , head lice</u> 3) Diseases caused by mosquitoes – <u>dengue , malaria</u> 4) Social insects – <u>ants , bees</u></p>	
<p>CH-8 Some properties water 27.09.21</p>	<p><u>I. Word bank:</u> Colourless, odourless, occupies, dissolves, solvent, Universal, solute, solution, brine, soluble, insoluble, Sink, float, buoyant force, buoyancy.</p>	

28.09.21

- II. Tick the correct answer:** a. A universal solvent is
i. Oil ii. Water iii. Soda iv. Juice
b. Water has a fixed
i. Shape ii. Volume. iii. Size iv. All of these
c. In a sugar solution, sugar is the
i. Solute ii. Solvent iii. Solution iv. None of these
d. Water is
i. Colourless ii. Odourless iii. Tasteless iv. All of these

- III. Put these substances in the correct column:**
Oil ,sand, salt ,sugar, petrol,coffee powder ,lime juice ,stone

Soluble substances	insoluble substances
1. _____.	_____.
2. _____.	_____.
3. _____.	_____.
4. _____.	_____.

- IV. Write true or false;**
- a. Things heavier than water, float on water _____
b. What excites a buoyant force on things immersed in it. _____
c. Salt will dissolve faster in cold water than warm water. _____
d. An iron nail will float in a bucket of water. _____

<https://youtu.be/9SS0pYZRNZw>

<https://youtu.be/Jz5nQF0aqFE>

30.09.21

V.

Answer the following questions:

- a. Why does an object sink or float in water?
- b. Explain the terms solute solvent and solution.
- c. Distinguish between soluble and insoluble substances.
- d. What is buoyancy?

05.10.21

VI. **Extra questions:**

- a. State three properties of water.
- b. What is Brine?
- c. When will a substance dissolve faster in a liquid?
- d. Why does a soap dish float in a bucket of water but a soap dish with soap sink in water? Explain
- e. Name the solute and solvent in the following solutions:
 - i. Salt solution
 - ii. Sugar solution

Answer Key:

II. a) ii b) ii c) i d) iv

III. Soluble substances- salt, sugar ,coffee powder ,lime juice

Insoluble substances- oil, sand, petrol, stone

IV. a) false b) true c) false d) false

V. a) An object sink or float in water because of its weight. Objects that are lighter than water float whereas objects that are heavier than water sink.

b) **solute**-A solute is a substance that dissolve in water.

solvent-A solvent is a liquid in which a solute dissolve..
solution -A solution is a liquid formed when the solute completely dissolves in the solvent.

c)**soluble substances**- 1.They dissolve in water.

Insoluble substances –1.They do not dissolve in water.
Soluble substances -2.example salt ,sugar Insoluble substances-2. example sand , stone.

d) buoyancy is the upward force exerted by water on objects immersed in it.

VI. a)The three properties of water are

-1. water is colorless odourless and tasteless.

2. Water takes up the shape of the container in which it is kept.

3.. Water has a fixed volume.

REVISION

(Common Insects
& Some properties
of water)

06.10.21

- b) A solution of salt in water is called brine.
- c) A substance will dissolve faster in a liquid ,if the liquid is warmed and is stirred.
- d) A soap dish is lighter than water so it floats where as a soap dish with soap is heavier than water so it sinks.
- e) i. salt solution- solute- salt; solvent -water
ii. Sugar solution - Solute- sugar; solvent- water.

I. Tick the correct answer:

- a. An example of a social insect is
i. cockroach ii. spider iii. ant iv. moth
- b. Water has a fixed
i. Shape ii. Volume. iii. Size iv. All of these
- c. It eats up stored grain
i. Ant ii. silverfish iii. weevils iv. None of these
- d. Water is
i. Colourless ii. Odourless iii. Tasteless iv. All of these

II. Put these substances in the correct column:

Oil ,rice, salt ,sugar, milk, coffee powder ,lime juice ,sand,pebbles

07.10.21

Soluble substances insoluble substances
1. _____ _____
2. _____ _____
3. _____ _____
4. _____ _____

III. Write true or false:

- a. Things lighter than water, float on water _____
- b. Spiracles helps the insects to know about their surroundings _____
- c. All insects have three body parts _____
- d. Soluble substances are substances that do not dissolve in water _____

IV. Answer the following in one word:

- a. A liquid that can dissolve different things in it _____
- b. The upward force exerted by water on objects immersed in it is _____.
- c. It makes holes in woollen clothes _____
- d. These insects lay eggs in stagnant water _____
- e. The insect which pick up germs when they sit on rubbish. _____

08.10.21

V. Answer the following questions:

- a. State three properties of water.
- b. What is Brine?
- c. When will a substance dissolve faster in a liquid?
- d. Name the social insects .
- e. What are the three body parts of an insect?
- f. Name the solute and solvent in the following solutions: i. Salt solution
ii. Sugar solution
- g. What helps insects to know about their surroundings?

09.10 . 21

VI. Name them:

- a. Social insects _____
- b. Case around a caterpillar _____
- c. Ants that protect the colony and the queen _____
- d. An insect that lives in human hair _____
- e. Insects that damage crops. _____
- f. Substances that do not dissolve in water _____
- g. A universal solvent _____

VII. Fill in the blanks:

- a. _____ is a universal solvent.
- b. A _____ is formed when a solute completely dissolves in a solvent.
- c. A solution of salt in water is called _____
- d. We should spray insect _____ to kill harmful insects.
- e. Mosquito bite can cause _____, _____ and _____ disease.
- f. Beehive is made of _____
- g. _____ bees collect the nectar from flowers.
- h. _____ looks like butterflies, but they usually fly at night,
- i. Insects use their _____ to pick up smells and taste.

Answer Key:

- I. a) iii b) ii c) iii d) iv
- II. Soluble substances- salt, sugar, coffee powder, lime juice, milk
Insoluble substances- oil, sand, pebbles, rice
- III. a) true b) false c) true d) false
- IV. a) solvent . b) buoyant force c) moths d) mosquito d) housefly

		<p>V. a) The three properties of water are – 1. water is colourless odourless and tasteless. 2. Water takes up the shape of the container in which it is kept. 3. Water has a fixed volume.</p> <p>b) A solution of salt in water is called brine.</p> <p>c) A substance will dissolve faster in a liquid ,if the liquid is warmed and is stirred.</p> <p>d) The social insects are ants and bees.</p> <p>e) The three body parts of an insect are head , thorax and abdomen.</p> <p>f) i. salt solution- solute- salt; solvent -water ii. Sugar solution Solute- sugar; solvent- water.</p> <p>g) Feelers help insects to know about their surroundings.</p> <p>VI. a) ants and bees b) cocoon c)soldier ants d) head lice e) locusts f) insoluble g)water</p> <p>VII. a) water b) solution c) brine d) repellents e)dengue , malaria and chikungunya</p> <p>f)wax g)worker h) moth i)feelers</p>

HOME ASSIGNMENT (2021-2022)
(13th September to 16th October 2021)

CLASS	SUBJECT	TOPIC / CHAPTER	MODULE / ASSIGNMENT	REFERENCE LINKS
III	Social Studies	Ch – 8 Our Country India 13.9.21 to 30.9.21	<p>The assignments given below have to be done in the Social Studies notebook.</p> <p>Read the chapter thoroughly. Do all the exercises in the book pg no:-77 and 78 I have learnt and word builder from pg no -77 to be done in the notebook.</p> <p>I. Word Bank(Do this exercise in the note book) Peninsula , Arabian Sea , boundary ,Northern Mountains, Thar Desert, Arunachal Pradesh, Telangana, diversity , landforms , Hiware Bazar, brimming , Maldives</p> <p>II. Fill in the blanks.(Do this exercise in the text book pg no77)</p> <ol style="list-style-type: none"> 1. India lies in the continent of Asia 2. To the west of India, lies the country of Pakistan. 3. India has 29 states 4. India has 7 union territories 5. To the north of India are the countries of Nepal, Bhutan and China <p>III. Write true or false(Do this exercise in the note book)</p> <ol style="list-style-type: none"> 1. A large part of the Indian population lives in cities. False 	https://youtu.be/SzbESI

2. Ranchi is the capital of Jharkhand. – **True**
3. To the south lies the Great Indian Desert or the Thar Desert.-
False
4. The countries of Bangladesh and Myanmar lie to the east of India.
True
5. The capital of India is New Delhi- **True**

IV. Answer the following questions in few words.(Do this exercise in the text book pg no 78)

1. the sea on the west of India **Arabian Sea**
2. the sea on the east of India **Bay of Bengal**
3. one of the island nations to the south of India **Maldives.**
4. the country that lies to the north –west of India **Afghanistan.**

V. In which parts of India are the following states located ? Put them in the correct columns.(Do this exercise in the text book pg no 78)

Andhra Pradesh , Himachal Pradesh ,Rajasthan , Tripura ,
Karnataka , Gujarat , Uttarakhand , Meghalaya

North – Himachal Pradesh , Uttarakhand

South – Andhra Pradesh , Karnataka

East – Tripura , Meghalaya

West- Rajasthan , Gujarat

VI. Answer the following questions (Do this exercise in the note book)

Q1) Where is India located ?

Ans) India is located in the southern part of the continent of Asia.

<p>Class III</p>	<p>Social Studies</p>	<p>Ch: 9 Cultural Diversity: Food and Clothes of India</p> <p>1.10.21 to 16.10.21</p>	<p>Q2) What is a peninsula ? Ans) A peninsula is a piece of land that is surrounded by water on most sides but is still connected to the mainland on one side.</p> <p>Q3) What makes India unique ? Ans) India is known for its diversity. This diversity can be found in its landforms , climate , art, architecture , and also in its population. This diversity makes our country unique.</p> <p>Q4) How many states and union territories are there ? Ans) There are 29 states and 7 union territories.</p> <p>Q5) India shares its borders with which countries ? Ans) India shares its borders with other countries such as Pakistan , Afghanistan , Nepal , Bhutan , China , Bangladesh , Myanmar , Sri Lanka , and Maldives.</p> <p>VII Here are the pictures of the four physical divisions of our country. Can you identify them? (Do in the book)</p> <p>1. Island 2. Northern mountain 3. Plateau 4. Desert</p> <p>Do all the exercises in the book pg no:-88 and 89 I have learnt and word builder from pg no -87 and 88 to be done in the notebook.</p> <p>Read the chapter thoroughly.</p> <p>I. Circle the correct word. (Do in book)</p> <p>1. Wheat and rice are herbs/ food grains. Ans) food grains</p> <p>2. Pulses are different types of dals/oils. Ans) dals</p> <p>3. Saffron /Turmeric is the most expensive spice in the world.</p>	<p>https://youtu.be/ Z4puyHPZ4c</p> <p>https://youtu.be/nlh-ZVdvVRI</p>
-------------------------	------------------------------	---	---	--

Ans) Saffron

4. Thandai is a beverage/dal.

Ans) beverage

5. Lemongrass/ Mysore pak is a type of sweet.

Ans) Mysore pak

II. Underlined words in the following sentences are incorrect. Correct these words and write them in the given blanks.

(Do in book)

1. The types of clothes we wear depend upon the general population of the region we live in.

Ans) The types of clothes we wear depend upon the general climate of the region we live in.

2. Men in Jammu and Kashmir wear Mundu.

Ans) Men in Jammu and Kashmir wear phiran.

3. In the southern parts of our country, phiran and veshti are widely worn.

Ans) In the southern parts of our country, mundu and veshti are widely worn.

4. In summer, we wear warm clothes.

Ans) In winter we wear warm clothes.

5. Pashminas are shawls from Tamil Nadu.

Ans) Pashminas are shawls from Kashmir.

III. Fill in the blanks. (Do in the book)

1. Rice and wheat are considered to be the two most important food grains grown in different parts of India.

2. Rice is grown in regions that have warm weather and plenty of rainfall.

3. Mint is a herb.

4. Bottle gourd is a vegetable that is eaten more in summer season.
5. We eat turnip more in the winter season.
6. We get oil from mustard seeds, linseeds, sesame seeds and sunflower seeds.

IV Think and write (Do in book)

1. What type of clothes do you wear at home?

Ans) Frock, top, skirt, T-shirt, trousers

2. What type of clothes do you wear to a birthday party?

Ans) Skirt, top, jeans, T-shirt, gown, trouser, shirt

3. What is the traditional dress of your State for men and women?

Ans) Men – Kurta pyjama, Dhoti
Women – Panchi and Parhan

I. Word Bank: (Do in notebook)

diversity, food grain, cereals, weather, pulses, protein, spices, aroma, mustard, vegetables, oilseeds, sweets, lettuce, celery, coriander, beverage, climate, turban, clothes.

II. Answer in one word. (Do in notebook)

1. Gives us energy. – **Food grains**
2. An example of food grain – **Rice**
3. Staple food in the eastern and southern parts of India – **Rice.**
- 4 Good source of protein – **Pulses.**
5. Seed, root, fruit or bark of a plant – **Spice**
6. A piece of cloth men wear to cover their head – **Turban**

III. State True or False. (Do in notebook)

1. Jowar and Bajra are food grains – **True.**
2. Rice is grown in regions that have cool weather – **False**
3. People eat wheat in the Northern states of Uttar Pradesh and Punjab. – **True**
4. India is famous around the world for its spices. – **True**
5. Saffron is the most expensive spice in the world. – **True**

IV. Answer the following questions. (Do in notebook)

1. What are food grains?

Ans) Food grains are seeds from crops such as wheat, barley, rice, and maize which are cultivated for our food requirement.

2. What are pulses? Name two pulses.

Ans) Pulses are different types of dals cooked in most of the homes in India. They are a good source of protein. Two pulses are masoor and moong.

3. Name three vegetables which people prefer to eat in summer.

Ans) Three vegetables generally eaten during summer are:

- a) Bottle gourd b) Bitter gourd c) okra**

4. Why do we wear clothes?

Ans) We wear clothes to cover ourselves and to protect ourselves from heat, cold, rain and dust.

5. What are the factors which affect the type of food we eat and clothes we wear?

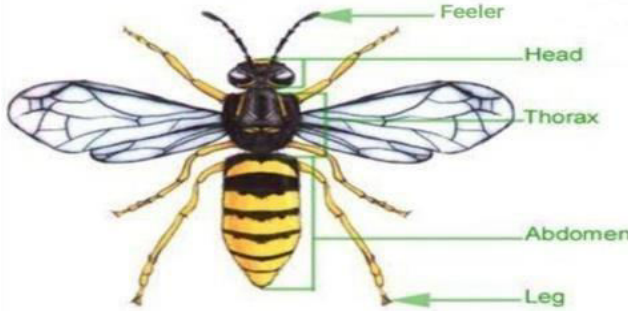

Ans) The food we eat and the clothes we wear depends on the following factors.

- a) place we live in
b) general climate of the place
c) different seasons**

V.

Answer the following questions:

- a. Why does an object sink or float in water?
- b. Explain the terms solute solvent and solution.
- c. Distinguish between soluble and insoluble substances.
- d. What is buoyancy?

05.10.21

VI. **Extra questions:**

- a. State three properties of water.
- b. What is Brine?
- c. When will a substance dissolve faster in a liquid?
- d. Why does a soap dish float in a bucket of water but a soap dish with soap sink in water? Explain
- e. Name the solute and solvent in the following solutions:
 - i. Salt solution
 - ii. Sugar solution

Answer Key:

II. a) ii b) ii c) i d) iv

III. Soluble substances- salt, sugar ,coffee powder ,lime juice

Insoluble substances- oil, sand, petrol, stone

IV. a) false b) true c) false d) false

V. a) An object sink or float in water because of its weight. Objects that are lighter than water float whereas objects that are heavier than water sink.

b) **solute**-A solute is a substance that dissolve in water.

solvent-A solvent is a liquid in which a solute dissolve..
solution -A solution is a liquid formed when the solute completely dissolves in the solvent.

c) **soluble substances**- 1.They dissolve in water.

Insoluble substances –1.They do not dissolve in water.
Soluble substances -2.example salt ,sugar Insoluble substances-2. example sand , stone.

d) buoyancy is the upward force exerted by water on objects immersed in it.

VI. a)The three properties of water are
-1.water is colorless odourless and tasteless.
2.Water takes up the shape of the container in which it is kept.
3.. Water has a fixed volume.

- b) A solution of salt in water is called brine.
- c) A substance will dissolve faster in a liquid ,if the liquid is warmed and is stirred.
- d) A soap dish is lighter than water so it floats where as a soap dish with soap is heavier than water so it sinks.
- e) i. salt solution- solute- salt; solvent -water
 ii. Sugar solution - Solute- sugar; solvent- water.

- b. Case around a caterpillar _____
- c. Ants that protect the colony and the queen _____
- d. An insect that lives in human hair _____
- e. Insects that damage crops. _____
- f. Substances that do not dissolve in water _____
- g. A universal solvent _____

VII. Fill in the blanks:

- a. _____ is a universal solvent.
- b. A _____ is formed when a solute completely dissolves in a solvent.
- c. A solution of salt in water is called _____
- d. We should spray insect _____ to kill harmful insects.
- e. Mosquito bite can cause _____, _____ and _____ disease.
- f. Beehive is made of _____
- g. _____ bees collect the nectar from flowers.
- h. _____ looks like butterflies, but they usually fly at night,
- i. Insects use their _____ to pick up smells and taste.

Answer Key:

- I. a) iii b) ii c) iii d) iv
- II. Soluble substances- salt, sugar, coffee powder, lime juice, milk
Insoluble substances- oil, sand, pebbles, rice
- III. a) true b) false c) true d) false
- IV. a) solvent . b) buoyant force c) moths d) mosquito d) housefly

		<p>V. a) The three properties of water are – 1. water is colourless odourless and tasteless. 2. Water takes up the shape of the container in which it is kept. 3. Water has a fixed volume.</p> <p>b) A solution of salt in water is called brine.</p> <p>c) A substance will dissolve faster in a liquid ,if the liquid is warmed and is stirred.</p> <p>d) The social insects are ants and bees.</p> <p>e) The three body parts of an insect are head , thorax and abdomen.</p> <p>f) i. salt solution- solute- salt; solvent -water ii. Sugar solution Solute- sugar; solvent- water.</p> <p>g) Feelers help insects to know about their surroundings.</p> <p>VI. a) ants and bees b) cocoon c)soldier ants d) head lice e) locusts f) insoluble g)water</p> <p>VII. a) water b) solution c) brine d) repellents e)dengue , malaria and chikungunya</p> <p>f)wax g)worker h) moth i)feelers</p>

Story Sums:

1) The cost of 16 pencils is ₹160. What will be the cost of 1 such pencil?

Total cost = ₹160

Number of pencils = 16

Cost of one pencil = ₹160 ÷ 16

= ₹10

Ans. = ₹10

2) Manisha has 30 chocolates. If she distributes the chocolates equally among 6 children, how many chocolates will each child get?

Total number of chocolates = 30

Number of children = 6

Number of chocolates each child will get = 30 ÷ 6

= 5

Ans = 5 chocolates

3) There are 30 students in a class. Two students can sit on each

			<p>desk. How many desks are needed in the classroom? Number of students = 30 Number of students can sit on each desk = 2 Number of desks needed = $30 \div 2$ = 15 Ans. = <u>15 desks</u></p> <p>4) There are 450 beads in 9 boxes. How many beads are there in 1 box if each box contains equal number of beads? Total number of beads = 450 Number of boxes = 9 Number of beads in each box = $450 \div 9$ = 50 Ans. = <u>50 beads</u></p>	
		21/9/21	<p>Fill in the blanks:</p> <ol style="list-style-type: none"> 1) Dividend = Divisor X <u>Quotient</u> + Remainder 2) When a number is divided by <u>1</u>, we get the quotient same as the number. 3) When a number is divided by <u>itself</u>, we get <u>1</u> as the quotient. 4) When we divide 0 by any number, we get <u>0</u> as the quotient. 5) We cannot divide any number by <u>0</u>. 6) $300 \div 10 = \underline{30}$ 7) $250 \div 1 = \underline{250}$ 8) $356 \div \underline{356} = 1$ 9) $\underline{0} \div 45 = 0$ 10) $1000 \div 100 = \underline{10}$

		23/10/21	Write as repeated subtraction 1) $15 \div 3$ 2) $20 \div 4$ 3) 1) The cost of 16 pencils is ₹160. What will be the cost of 1 such pencil?	
		25/10/21	Change into cm. 1) 9m 2) 5m Change into metres 3) 11 km 4) 16 km 63 m	
		26/10/21	Change into metres and cm 1) 7690 cm 2) 4008 cm	
		27/10/21	Fill in the blanks 1) _____ is the standard unit of length. 2) To convert km into m we multiply by _____ 3) There are _____ cm in 4 m. 4) 5000m = _____ km 5) 7115 m = _____ km + _____ m	

28/10/21

Write True or False

1) $5010\text{ m} = 5\text{ km} + 100\text{ m}$

2) A number can be divided by 0

3) $70 \div 14 = 5$

4) Body parts such as hands span, fingers, foot span are non-standard units of measuring length.

5) Distance from Delhi to Chennai is measured in metres.

		<p style="text-align: center;">21/10/21</p>	<p style="text-align: center;">ANSWER KEY</p> <p>REVISION (Round 1)</p> <p>Fill in the blanks.</p> <p>1. $56 \div 56 = \underline{1}$</p> <p>2. $94 \div 94 = \underline{1}$</p> <p>3. $25 \div 25 = \underline{1}$</p> <p>4) Dividend = Divisor X <u>Quotient</u> + Remainder</p> <p>5) When a number is divided by <u>1</u>, we get the quotient same as the number.</p> <p>6) When a number is divided by <u>itself</u>, we get 1 as the quotient.</p> <p>7) <u>63</u> $\div 7 = 9$</p> <p>8) <u>25</u> $\div 5 = 5$</p> <p>9) We cannot divide any number by <u>0</u></p> <p>10) $42 \div 7 = \underline{6}$</p>	
		<p style="text-align: center;">22/10/21</p>	<p>Find the quotient and remainder.</p> <p>1) $252 \div 4$</p> <p>4) 252 (63</p> <p style="margin-left: 20px;"><u>- 24</u></p> <p style="margin-left: 40px;">1 2</p> <p style="margin-left: 20px;"><u>- 12</u></p> <p style="margin-left: 40px;">0</p> <p>Quotient = 63 Remainder = 0</p>	

$$\begin{array}{r}
 2) 674 \div 6 \\
 6) 674 \text{ (1 1 2)} \\
 \underline{- 6} \\
 07 \\
 \underline{- 06} \\
 14 \\
 \underline{- 12} \\
 2
 \end{array}$$

Quotient = 112 Remainder = 2

3) There are 40 students in a class. Two students can sit on each desk. How many desks are needed in the classroom?

Number of students = 40

No of students on 1 desk = 2

No of desks needed = $40 \div 2 = 20$

Answer = 20 desks

23/10/21

Write as repeated subtraction

1) $15 \div 3$

$$15 - 3 = 12$$

$$12 - 3 = 9$$

$$9 - 3 = 6$$

$$6 - 3 = 3$$

$$3 - 3 = 0$$

Answer = 5

2) $20 \div 4$

$$20 - 4 = 16$$

$$16 - 4 = 12$$

$$12 - 4 = 8$$

$$8 - 4 = 4$$

$$4 - 4 = 0$$

Answer = 5

3) The cost of 16 pencils is ₹160. What will be the cost of 1 such pencil?

			<p>Cost of pencils = ₹160 No of pencils = 16 Cost of each pencil = ₹160 ÷ 16 = 10</p> <p>Answer = ₹10</p>	
		25/10/21	<p>Change into cm.</p> <p>1) 9m 1m = 100 cm ∴ 9m = 9 x 100 cm = 900 cm</p> <p>2) 5m 1m = 100 cm ∴ 5m = 5 x 100 cm = 500 cm Ans</p> <p>Change into metres</p> <p>3) 11 km 1 km = 1000m ∴ 11 km = 11 x 1000m = 11000 m Ans</p> <p>4) 16 km 63 m 1 km = 1000m 16 km 63 m = 16 X 1000 m + 63 m = 16000 m + 63 m = 16063 m Ans.</p>	
		26/10/21	<p>Change into metres and cm</p> <p>1) 7690 cm 1cm = 1 ÷ 100 m 7690 cm = 7690 ÷ 100 = 76 m 90 cm</p>	

			<p>2) 4008 cm</p> <p>1cm = 1 ÷ 100 m</p> <p>4008 cm = 4008 ÷ 100 = 40 m 8 cm</p>	
		27/10/21	<p>Fill in the blanks</p> <p>1) Metre is the standard unit of length.</p> <p>2) To convert km into m we multiply by 1000</p> <p>3) There are 400cm in 4 m.</p> <p>4) 5000m = 5km</p> <p>5) 7115 m = 7 km + 115m</p>	
		28/10/21	<p>Write True or False</p> <p>1) 5010 m = 5 km + 100 m - False</p> <p>2) A number can be divided by 0 - False</p> <p>3) 70 ÷ 14 = 5 - True</p> <p>4) Body parts such as hands span, fingers, foot span are non-standard units of measuring length. - True</p> <p>5) Distance from Delhi to Chennai is measured in metres. -False</p>

Comprehension
8.10.21

Read the passage carefully and answer the questions given below: -

Once in a jungle there lived a dog and a jackal. One day they saw a rabbit sitting in the bushes near a pond. The jackal wanted to eat the rabbit. He told the dog that they

would chase and kill the rabbit.
 The jackal wanted to make fun of the dog. He asked, 'Friend, can you catch the rabbit?' The dog was not very interested. The jackal said, 'It is a big rabbit. I am sure its meat will be very tasty. I wish we both could share this rabbit.'
 So the dog ran after the rabbit. But the rabbit was too fast for the dog. The jackal made fun of his friend. He said, 'You are not a good hunter!' To this the dog replied, 'I ran after the rabbit to kill it. The rabbit ran for its life. One who runs for one's life can run really fast. So you please understand this fact before making fun of me.'
 The jackal realized his mistake. He felt ashamed. He said, 'I am sorry, my friend.' The dog said, 'You have realized your mistake.
 Let's be friends forever.'
 The jackal and the dog became good friends and the jackal never tried to make fun of anyone.

- I. Answer the following questions: -**
 1.What did the jackal and the dog see one day?
 Ans: - They saw a rabbit sitting in the bushes near a pond.
 2.Who wanted to make fun of whom?
 Ans: - The jackal wanted to make fun of the dog.
